

# Mark Schultz

## 16s Lime Head Coach

Mark began his coaching career as a varsity assistant at Sheboygan North High School in 2006 where the team fell one game short of going to the state tournament. The upcoming 2021-22 club season will be his 26<sup>th</sup> season of coaching at the club and high school levels combined. Mark has coached at all age levels from helping the South Shore Slam developmental program (10s through 12s), to coordinating and facilitating dozens of middle school volleyball clinics and camps throughout the area, to coaching a Nationals team in 2014. He has coached two different club teams to second place finishes at the Badger Region Championships (2012 and 2018), and last season (2021) he coached our 18s team to a first place finish at the Badger Region Championships in Milwaukee.

His coaching philosophy revolves around a simple concept of THE FIVE R's – Respect, Responsibility, Retain, Rebound and Relish using positive-reinforcement approaches to getting his players to achieve their individual and team goals.

Mark is IMPACT-certified and has attended numerous coaching clinics across the Midwest hosted by successful college coaches and past and present professional players. He has also recruited dozens of club coaches over the years in addition to mentoring many of those new coaches. He is proud to have founded and directed a local club – Lake Effect Select – from 2009 to 2014.

Mark has also nearly 30 years of experience refereeing the sport and holds a USAV certification. Born and raised in Sheboygan, Mark now lives in Random Lake and recently became a proud grandfather.
